

# IMPUMELELO COAL MINE

**Client:** Sasol Mining

**Site/Location:** Secunda, Mpumalanga

**Project Period:** September 2009 – current

## Project Description:

RSV ENCO was awarded the EPCM contract for the engineering, procurement and construction management of a new 8.5 Mt/a coal mine, which is upgradable to 10.5 Mt/a. This will serve as a replacement mine for production from Brandspruit Mine to supply Sasol Synfuels.

## The Project Includes:

- The development of shaft systems (service, ventilation and decline shafts)
- The development of materials handling systems (surface 28km overland conveyor, surface surge bunkers, underground conveyors and surge bins)
- All supporting mine infrastructure (including offices, workshops, change house, district road upgrade, mine roads and parking, power supply and distribution, communication system, water supply and reticulation, sewage and waste water handling, pollution control)
